

## ANALOGUE OUTDOOR CLOCK

# PROFILINE

*The Profiline is our premium analogue outdoor clock. It features an elegant, modular housing concept featuring a weather-resistant aluminum profile, a high-quality finish and an easy-to-install, maintenance-friendly design.*

# 7 STEPS TO YOUR PROFILINE

To make sure your Profiline meets all your requirements, you can assemble the components individually. Naturally, our experts will be happy to help.

## 1. Are you looking for an illuminated clock?

### ILLUMINATION

The Profiline is available with or without illumination:

CODE	ILLUMINATION
PL0	none
PL2	LED

## 2. How big does your clock need to be?

### SIZE

The Profiline is available in three dial diameters. The reading distance varies depending on the dial, lighting, viewing angle, etc. These are the options:

Ø	READING DISTANCE
50 cm	55-60m
60 cm	65-70m
80 cm	85-90m

## 3. What shape would you like?

### SHAPE

The Profiline is available in single-sided and double-sided versions:

CODE	SHAPE
R1	round, single-sided
R2	round, double-sided

# 4.

The Profine analog clock offers a variety of time code variants. Pick yours:

## YOUR PROFILINE IS COMPLETE

You can now order your Profiline and calculate the corresponding code. Enter the abbreviation for each component of your choice in the bright field and find your Profiline code. It serves as the order code or as the foundation for further steps.
